Learn & Earn

- *360 Ripples Flagship program for **skilling & immediate placements**.*
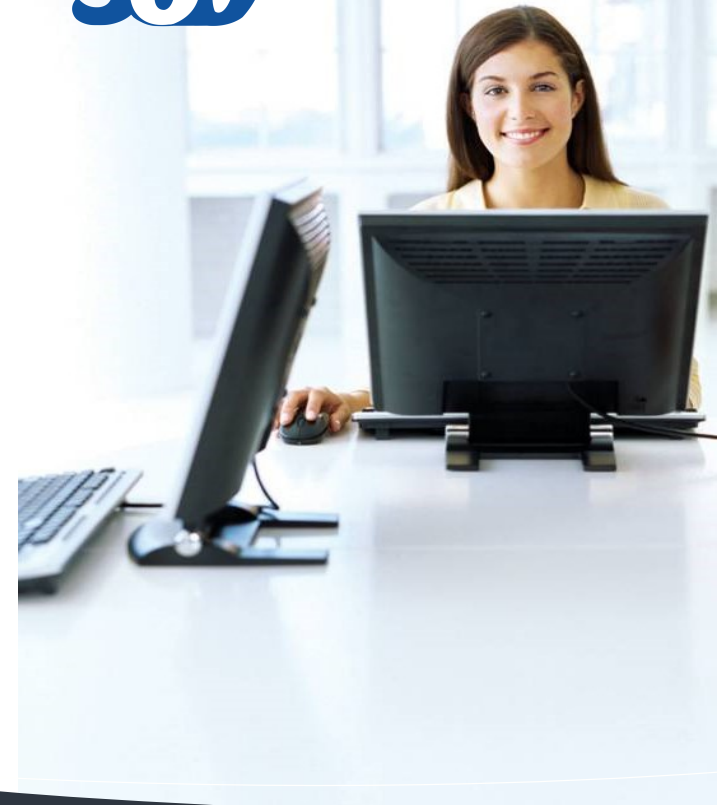

360 Ripples Solutions

This program has successfully reached 1200+ students in the last 2 years and helping them get employed in corporates. The program focusses on building skills of the students, the key mantra in getting placed. The training program will be customized based on student's inherent capabilities, profiled by "*Sirius our artificial intelligence robot*" which compares your skills with the experts in industries and predicts a successful career for you.

Key Achievements:

1. Covered 1200+ students with 95% of students rating our training as the best in class training.
2. We were able to place even Non-IT students in IT jobs, for instance from civil, mechanical and EE background by skilling them.
3. Students were hired after our 60 hours training.
4. Upskilled students were hired as developers (not freshers) with higher pay scale in IT industry.

Our Placements:

1. TCS
2. Mind Tree
3. Bpm Links
4. CGI Corp
5. Infosys
6. Cap Gemini
7. In Logic
8. Precision
9. Onward and many more….
